{oziogallery 1} Biffi Pietro Eredi can offer a wide range of products coming from all over the national territory and of course from the best farmers accurately valued and selected.

Firm staff is always full involved in the search for new products.

The firm is leader in the trade of soja buds being the first firm that really believed in that product at the end of the 70'.

Biffi Pietro Eredi is first in trade of fruits and vegetables imported from all over Europe.

There's particular focus on micro vegetables, fresh seeds germinated of aromatic plants 100% natural.

Micro vegetables are used to enrich the flavor, the fragrance and the pleasure of our kitchen.
